About This Class

Are you having trouble deciphering the complex myriad of ever increasing rules & regulations imposed on your public water system? Come join us at this training session and John Camden will present an overview of many of these rules & regulations in a manner that is more understandable. Don't let your system get a violation just because you didn't know what you were supposed to do.

About Our Speaker:

John Camden is currently the Groundwater Tech for Montana Rural Water. He just recently retired from the position of Section Supervisor for the Compliance Section of the PWSS, Public Water Supply & Subdivision Bureau, under the Permitting and Compliance Division of MT DEQ and has worn numerous hats for MT DEQ over the past 14 years. He worked with the City of Helena for 15 years, 14 of those as a Water plant operator. He has a B.S. in Marketing from MSU – Bozeman and holds a Class 1AB operator certification.
